# Why choose Moduleo

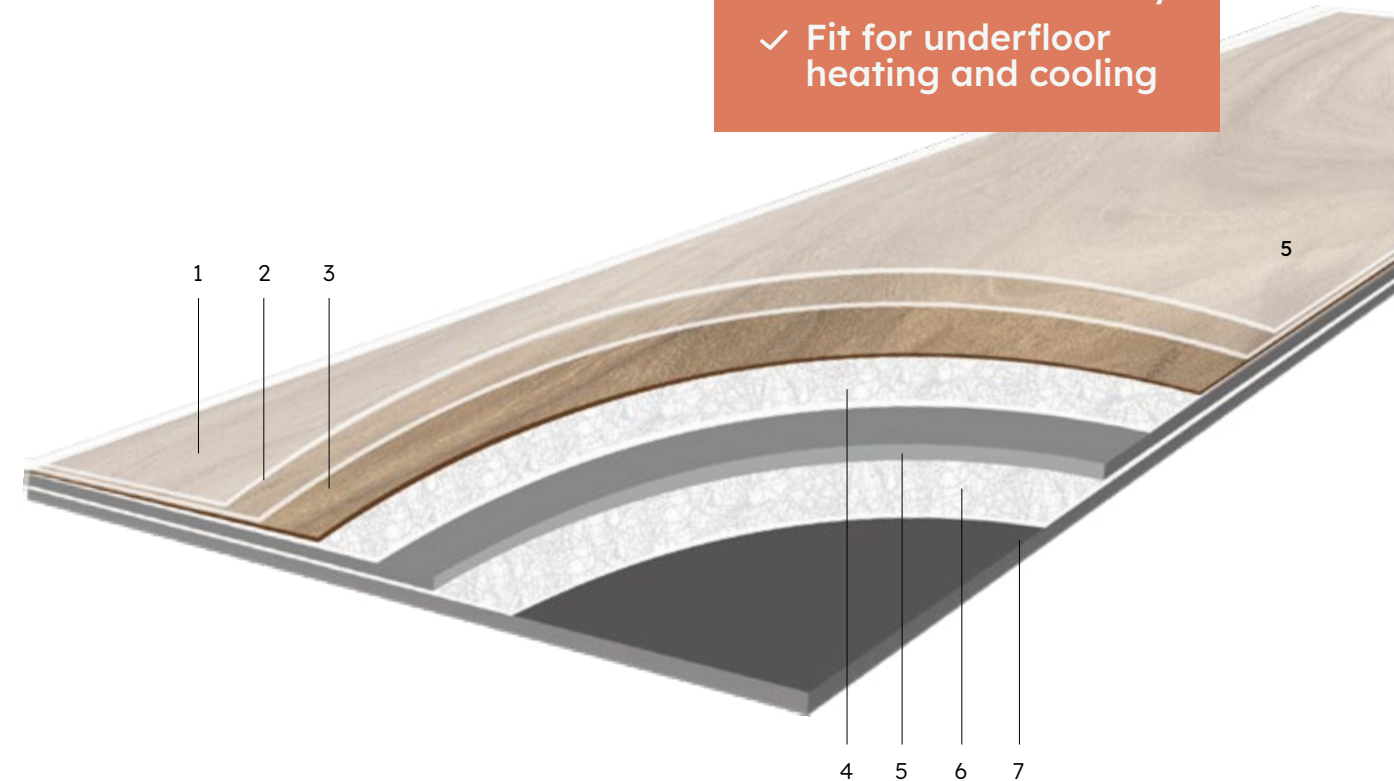

We design  
& develop  
in-house

## Moods, a design vinyl floor with its very own style and personality.

Creative design is one thing. Let's not forget our luxury vinyl floors also have great functional features in terms of comfort and performance. Actually, the popular design adage 'form follows function' suits Moods perfectly.

- ✓ Authentic detailing
- ✓ Excellent dimensional stability
- ✓ Fit for underfloor heating and cooling

### Product build-up

- |               |                |
|---------------|----------------|
| 1 Top lacquer | 5 Middle layer |
| 2 Wear layer  | 6 Glass fibre  |
| 3 Print layer | 7 Backing      |
| 4 Glass fibre |                |

## Cleverly designed

We strive for stylish, clever and high-quality flooring solutions that don't just look great, but make your life more comfortable as well. From strength and softness to acoustics and warmth, every aspect of your floor is designed and manufactured with care.

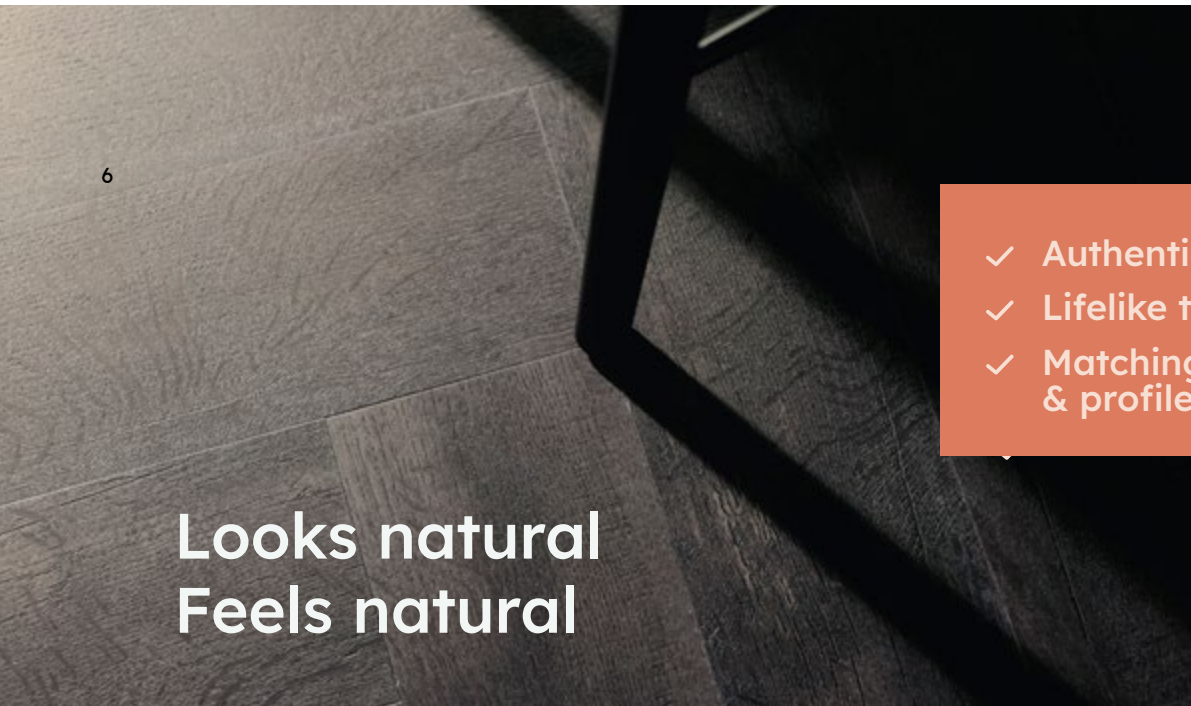

## Challenging all the senses

We go beyond the obvious and don't limit ourselves to traditional colours, patterns, materials, shapes, horizontal surfaces or spaces. We dare to play, combine and inspire. And not just in our designs. Reflection, gloss and texture are all optimised for your wellbeing too. Because we are all about creating exceptional, multi-sensorial spatial experiences.

## We are on the planet's side

We're aware of our floors' impact on the planet. And we are working diligently to limit it. By designing them to last a lifetime and producing them more consciously. Right here in Belgium, using as much green energy as we possibly can. By recycling them over and over again. In our own in-house recycling plant, reusing nothing but old vinyl floors collected through Recover, our Take Back program. Because we are on the planet's side. And in it for the long run.

# Designed to fit life

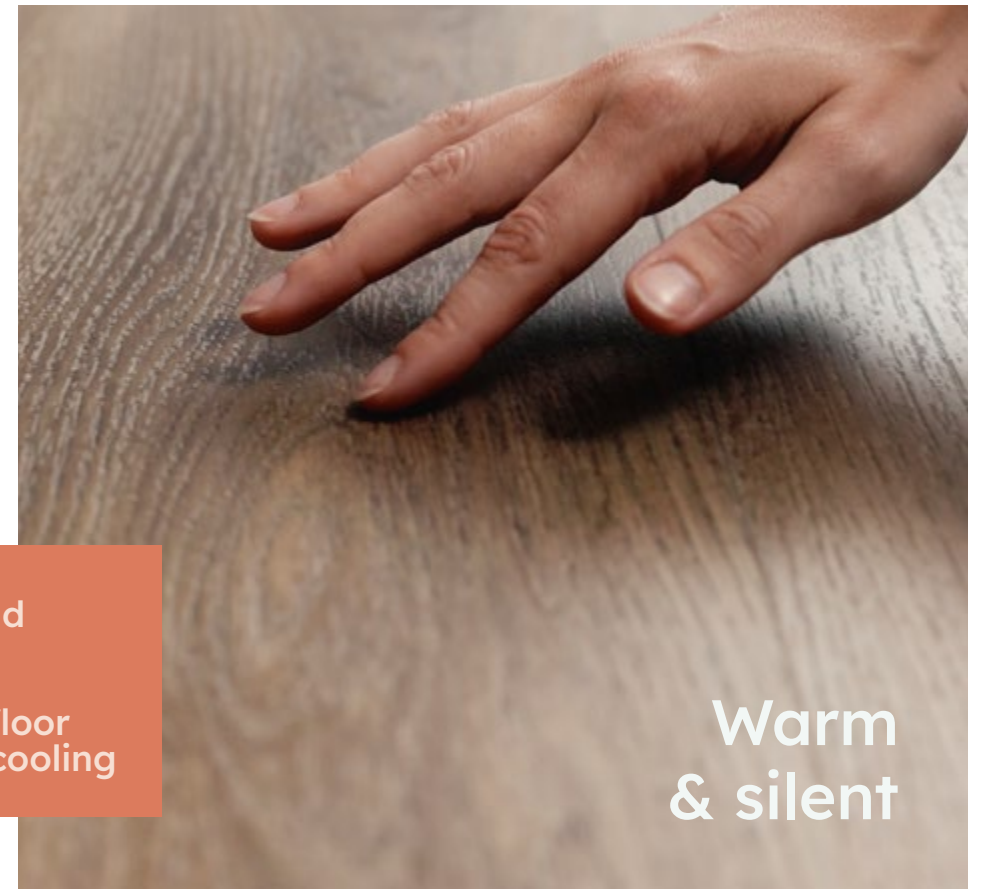

Looks natural  
Feels natural

- ✓ Authentic detailing
- ✓ Lifelike textures
- ✓ Matching skirtings & profiles

Made to last

- ✓ Lifetime warranty
- ✓ Excellent water, scratch and stain resistance
- ✓ Excellent dimensional stability

Warm  
& silent

- ✓ Absorbs sound
- ✓ Feels warm
- ✓ Fit for underfloor heating and cooling

# Accessories

## Installation

### 1 Flex Pro Pure underlay

With the Flex Pro Pure underlay, you can easily install your Moduleo Moods or Roots flooring.

## Finishing

### 2 Skirtings

Seamlessly connecting floor and wall, this skirting offers an identical connection between your Moods floor and skirting in design, colour and texture.

### 3 Design strip

Match the Design strip with your floor or make it stand out. Use one of the 11 colours to match our Moods and Roots collections.

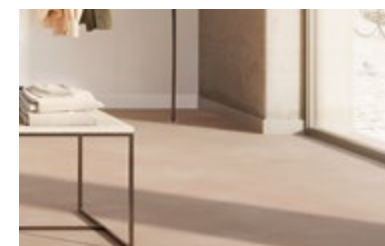

### 4 Stair nosing

Finally found your dream design flooring? With our innovative stair nosing technology, you can use the same material for your steps. The result? A smooth transition from floor to stairs.

## Maintenance

### 5 Keep it clean

Take good care of your Moduleo Moods floor and you will enjoy it for a lifetime.

# Meet Flex Pro Pure

The self-adhesive underlay that saves you time, effort and headaches. No glue, no mess, no waiting around. Just lay it down and get the job done. And the best part? You can walk on it immediately.

But a smooth installation is just the beginning, it's also a sustainable choice. A damaged plank or tile? Swap it out and replace it. Need a change? Lift the floor and underlay right off, without damaging the subfloor. Everything is 100% recyclable, so there's zero waste – just a circular future.

## Fast installation

Once installed, Flex Pro Pure enhances your space with excellent sound insulation, creating a quieter and more comfortable environment, particularly in adjacent rooms.

## Circular design

Flex Pro Pure is a more sustainable choice. Unlike traditional adhesive installations, both the underlay and flooring can be fully recycled through our exclusive Recover Take Back program. While Recover is currently available to customers in Belgium and the Netherlands, we are excited to be planning its expansion to other regions soon. This program underscores our strong commitment to sustainability, giving our floors a second life and reducing environmental impact.

(Read more about Recover on page 66).

### Fast installation

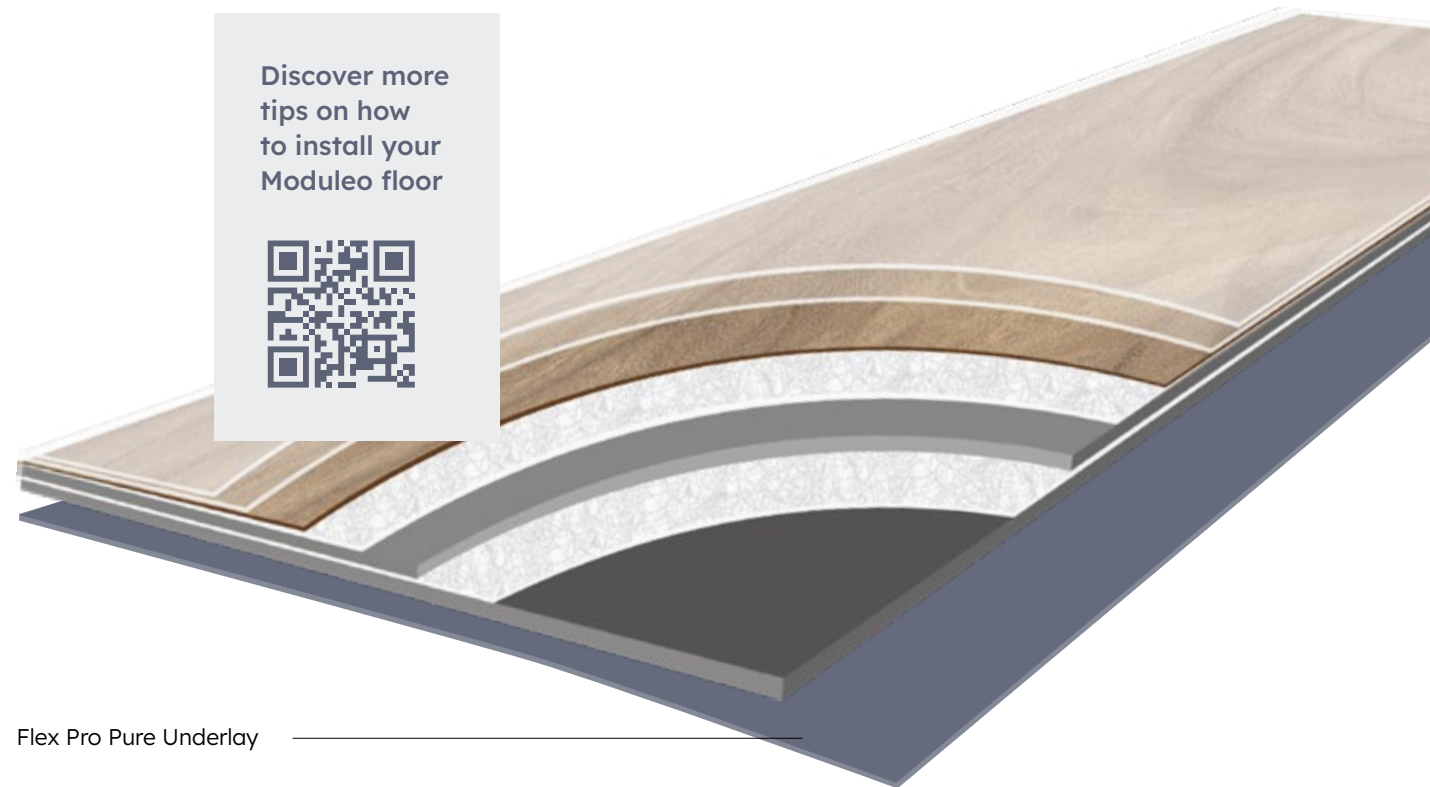

- ✓ **No subfloor preparation**  
Smooths out minor irregularities up to 3 mm.
- ✓ **Easy installation**  
No messy glues, no drying times, no restrictions.
- ✓ **Twice as fast**  
Lay it down and walk on it immediately.

### Circular design

- ✓ **Easy to repair, remove and recycle**

Discover more tips on how to install your Moduleo floor

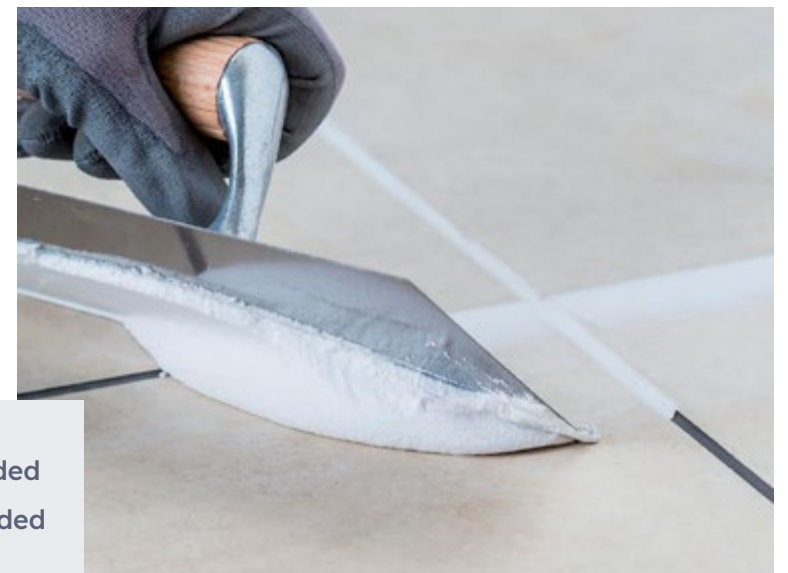

Flex Pro Pure Underlay

## Floor Prep

Moduleo Floor Prep is a ready to use leveling compound for **smoothing out tile joints**, used in preparation of the installation with Flex Pro Pure.

- ✓ Ready to use, no mixing needed
- ✓ Easy to apply, no primer needed
- ✓ Hardens quickly

# Installation

## Flex Pro Pure Underlay

The self-adhesive underlay that installs fast, without glue, and is 100% recyclable.

	Surface Area
	<div>Flex Pro Pure</div> <div>653145</div> <div>MODVUDLFLEXPROPURE</div> <div>✓ Fast installation</div> <div>✓ Circular design</div> <div>6,5 m²</div>

## Floor Prep

### An installation on tiles and not sure about the joints?

Use Floor Prep, a ready to use levelling compound for smoothing tile joints before installing the Flex Pro Pure with your Moods floor.

	kg
	<div>Floor Prep</div> <div>652898</div> <div>MODVFLOORPREP</div> <div>✓ Ready to use, no mixing needed</div> <div>✓ Easy to apply, no primer needed</div> <div>✓ Hardens quickly</div> <div>5</div>

## Glue

Moduleo can also be installed using the **traditional glue method**. Ensure that the **subfloor** is properly **prepared**, with no irregularities exceeding 0,2 mm. Proper subfloor preparation, including leveling and priming, along with adequate **drying times**, is essential for optimal results.

**Unsure of the best approach?** Consider the **Flex Pro Pure** for a cost-effective, time-efficient, easy, adhesive-free, and sustainable option.

	<div>High Temperature Adhesive</div> <div>343935</div> <div>MODVADHHT5</div>	1
	✓ Guarantees perfect dimensional stability with Moduleo floors ✓ Ideal for spaces with a lot of direct sunlight	

When you have extreme temperature fluctuations and/or heavy traffic of heavy loads, opt for the fully glued installation with the Moduleo High Temperature adhesive.

# Complete the look

Design is in the details. They can take an interior from “nearly there” to “**picture-perfect**” and beyond. From **skirtings** with the exact same colour and texture as your floor to contrasting **design strips**, with our accessories you can make every detail just right and bring the entire room together. And they’re just as scratch and stain resistant as your floor.

## Matching or paintable skirtings

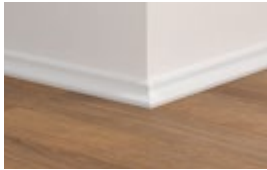

Indulge in your unique style. Our colour matched skirtings effortlessly merge with your decor, while our versatile white and paintable skirtings offer you the canvas to synchronize with your walls.

# Finishing

## Joint Sealant

Fills small joints and imperfections

By closing and removing any gaps with the dedicated Joint sealant, you protect your Moods floor against dirt and moisture. Ready to use grout, available in 5 different colours you can mix.

## Design strips

Create your own visual effect

Match the Design strips with your floor or make it stand out, it's up to you. These flexible joint features come in 11 colours. They match our Moods collection in height and colour, so it's very easy to create zonings. Want to imitate a tile grout joint or combine with Roots planks? Sure, why not. Get creative.

Acoustic insulation	EN ISO 717-2	Glued down: ΔLw = 3 dB On a Flex Pro Pure underlay: ΔLw = 10 dB
Castor chairs	ISO 4918:2016-03	No delamination, no disturbance
Resistance against staining	EN 438-2:2016+A1:2018-12	OK
Light fastness	ISO 105-B02:2014-09	Class ≥ 6
Floor heating		Appropriate for all standard heating systems IN cement subfloors. Limited application with heating films and alternatives. Max contact temp ≤ 27°C. See separate installation instructions.
Warranty years	See warranty conditions	Residential lifetime warranty / Commercial: 10 years

The warranty covers manufacturing defects and premature wear in the event of normal use. Unilin reserves the right to change or amend any written information without notice. Ensure the latest information is being consulted by referring to the website. We reserve all rights for technical improvements. Photographic images are not representative due to variations in colour printing. The representative samples shown are sectional definitions. For full design representation, please visit the website.

\* Only valid for fully bonded installation, not on looselaid underlays.

# We are on the planet's side.

Our planet is facing a huge challenge. And we are taking our responsibility. How? By producing our floors more consciously. Designing them to last a lifetime. And when they finally do wear out, we recycle them. Over and over again.

## Made in Belgium & produced with green energy

Our floors are designed and made right here in Belgium. Why? To keep transportation journeys short and the footprint of our products low. That's why green energy is our go-to power source too. Today, 60% of our sites in Belgium are powered by our own wind turbines and solar panels. Tomorrow, that part has to be bigger. Even if it's just 0,1 %. We're determined to keep moving forward.

## Designed to last

Moduleo stands behind the quality of our products with an unparalleled commitment: a lifetime warranty. We assure you that when you choose Moduleo, you're not just selecting flooring; you're investing in lasting quality and peace of mind. Relax and breathe easy, made possible by our tireless innovation in scratch and stain resistance, as well as water resistance.

Moduleo is a part of **Unilin**. From reducing emissions to generating renewable energy, discover how we are collectively embracing our responsibility.

## 100% recyclable floors

We're all about giving floors a second chance. That's why every Moduleo floor is 100% recyclable. Built for easy take-back and recycling, our floors transform effortlessly into new designs—keeping materials in use and the impact light.

## We recycle old floors into new ones

With Recover, we've made it our mission to collect old vinyl floors, whether they're Moduleo's, yours, or even a competitor's.. These floors come to our in-house recycling facility, where they're given new life as Moduleo products. It's our way of ensuring that every floor can continue its journey, over and over again, with sustainability at its core.

## Discover our new room visualiser

We've revamped our room visualiser with you in mind, focusing on efficiency and user-friendliness. Now it's a win-win for both the end consumer and retailers. It enhances customer engagement and supports a more efficient and effective sales strategy.

# LayRed

**Strong core  
Beautiful design**

Our LayRed collection is built to make your floor update as easy as possible. Extra strong and easier to place. No demolishing or levelling needed. It's your go-to renovation floor. A drill? No need for it.

# Roots

**Cleverly designed  
Unique living**

Our Roots collection is as diverse and vivid as nature itself. From warm classics like oak and walnut to serene, natural stones and playful terrazzo. You're bound to find a floor that fits your unique way of living.

- ✓ Looks & Feels natural
- ✓ Authentic detailing
- ✓ Lifelike textures
- ✓ A finish that matches the design
