

Omu

Sofas & Armchairs

Noti.Omu

The collection's underlying idea was to create a sofa that resembles a sculpted piece without compromising Noti's signature timeless expressiveness.

The carefully shaped body of the sofa resting on upholstered legs is a reference to Geta, traditional Japanese footwear. With the legs withdrawn under the seat, the piece gains lightness and a spatial distance from the floor.

The horizontal lines of all the elements give the sofa a toned-down appearance, whilst emphasising the balance between its sections. The carefully modelled shapes imbue the sofa with a sense of harmonious balance. Its elements appear to be merely resting one on top of the other. The discernible three-way division, the deep seat and the rounded, soft forms invite the user to choose the most perfect spot and position.

Omu is a collection that blends perfectly with cushions, which offers additional seating options. Square cushions make the seating area shorter for a more formal position, while lower back cushions let the user relax more horizontally. Hence, Omu sofas can be easily tailored to different types of spaces.
