Zody II

Building upon Haworth's legacy of seating research and expertise, Zody II delivers unmatched ergonomic comfort for more people in every posture. The dual posture option supports sitting and the in-between of sit-to-stand, making Zody II the only chair anyone needs for a height-adjustable table. In addition to proven performance and comfort, Zody II is built with sustainability in mind and offers extensive choices for more design freedom.

Design

ITO Design and Haworth Design Studio

Features

- Dimensionally more accommodating seat and enhanced arms provide a greater range of ergonomic support for more people
- Dual posture option supports seated and the in-between "perch" posture of sit-to-stand; ideal for use with a height-adjustable table
- Pelvic and Asymmetrical Lumbar (PAL™) back system provides independently adjustable support for each side of the lower back
- 4D arms fluidly adjust in height, arm caps adjust from side to side, front to back, and are pivotable
