Adjustable Features for Dynamic Work Settings

Calma For U features a retractable, built-in desk for depth adjustment and media wall integration, allowing you to create the perfect meeting conditions within the pod.

Optimized Digital Communication

The media wall integration is engineered for the perfect video conference experience. Always ready to provide a stable connection with Links module and face lights to make sure you look your best.

Reduced Visual Strain

Long hours of exposure to light can cause chronic headaches and distractions. To minimize visual strain, Calma uses warm and flicker-free 2700K lights.

Constant Fresh Air

Our acoustic pods are crafted entirely from VOC free materials, ensuring that your health is never compromised. Engineered to maintain constant fresh air circulation, Calma ensures carbon levels below 1000 ppm and air exchange 106 times per hour.

Easy Installation

Straight forward and simple, Calma's assembly and installation is as easy at stacking blocks on top of one another. All Pods are shipped in 100% recyclable packaging and wooden crates.

Customize Your Comfort

Customized comfort with adjustable ventilation and dimmable lights offers ongoing control over your workspace. Calma For U features a retractable, built-in desk for depth adjustment and media wall integration, allowing you to create the perfect meeting conditions within the space.
